Publication Agreement

Mine Closure 2027: 20th International Conference on Mine Closure | 1–3 November 2027

The paper identified below ('Paper') is proposed for inclusion in the Proceedings of the 20th International Conference on Mine Closure, published by the Australian Centre for Geomechanics ('ACG'), The University of Western Australia, and made available via the ACG Online Repository of Conference Proceedings ('ACG Online Repository').

1 Publication requirements

1.1 The Paper is the original work of the author/s.
1.2 The Paper has not been previously published.
1.3 The Paper is not submitted elsewhere for publication.
1.4 The Paper does not contain defamatory, unlawful, or fabricated content.
1.5 The Paper does not infringe upon the rights of others.
1.6 All required permissions, approvals, authorisations, licenses, and/or consent have been obtained from all parties potentially affected by the publication of the Paper, including but not limited to authors, companies, and mine sites.

2 Licence

2.1 A worldwide, perpetual, irrevocable, exclusive licence ('Licence') is granted to the ACG to publish the paper in all formats, media, and languages.
2.2 The Licence grants the ACG the first right to publish the Paper, to the exclusion of all others.

3 Permitted use

3.1 The published Paper can only be hosted on the ACG Online Repository. Other repositories or websites wishing to link the paper must do so using the Paper's assigned digital object identifier (DOI) which is available on the Paper's entry on the ACG Online Repository.
3.2 Draft versions of the published Paper are not permitted to be published in any medium.

4 Author-retained rights

4.1 Notwithstanding clauses 3 and 4, the authors retain the right to do the following, provided that the published version includes a full citation to the proceedings, including the Paper's assigned DOI:
4.1.1 include the Paper, in whole or in part, in a thesis, dissertation, or report; and
4.1.2 use the paper, in whole or in part, for the purposes of teaching, including in course materials, readings, and learning management systems.

5 Artificial intelligence

5.1 Any use of artificial intelligence in the writing of the paper has been disclosed to the ACG in accordance with the ACG's *Artificial Intelligence Policy*.
